# Childwall Valley Primary School

Easy is boring, Challenge is fun!

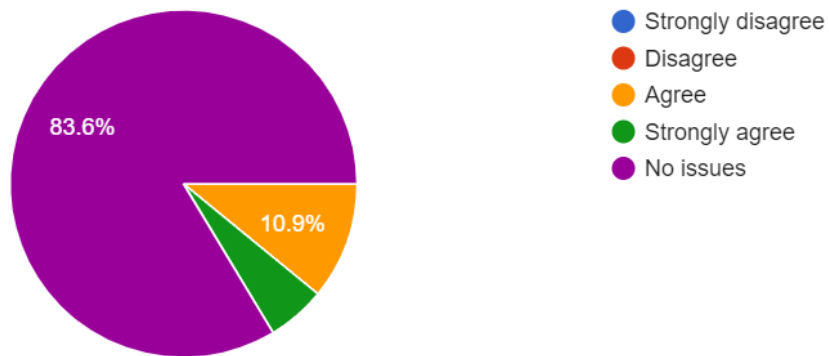

The school makes sure its pupils are well behaved.

55 responses

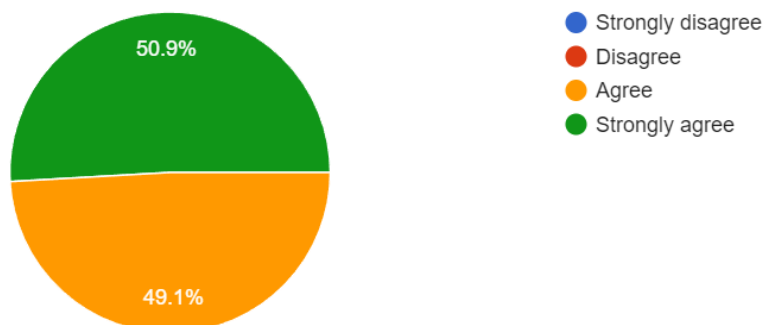

My child has been bullied and the school dealt with the bullying quickly and effectively.

55 responses

The school makes me aware of what my child will learn during the year.

55 responses

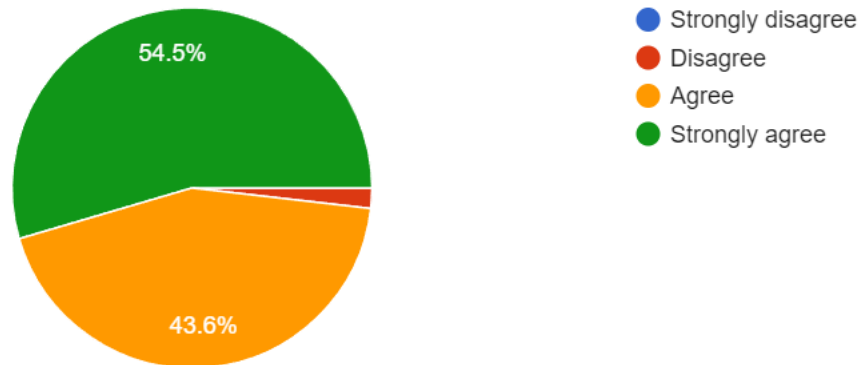

# Childwall Valley Primary School

Easy is boring, Challenge is fun!

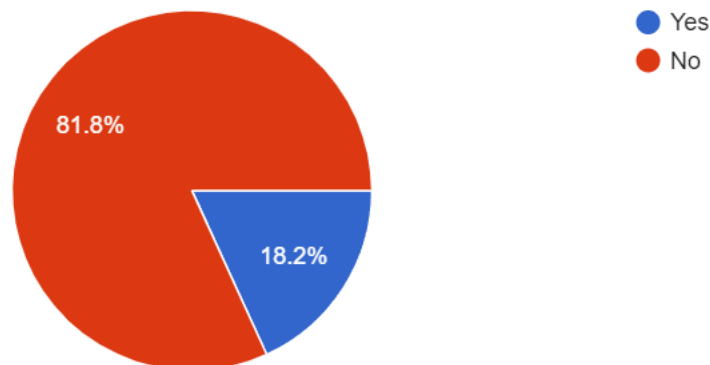

When I have raised concerns with the school they have been dealt with properly.

55 responses

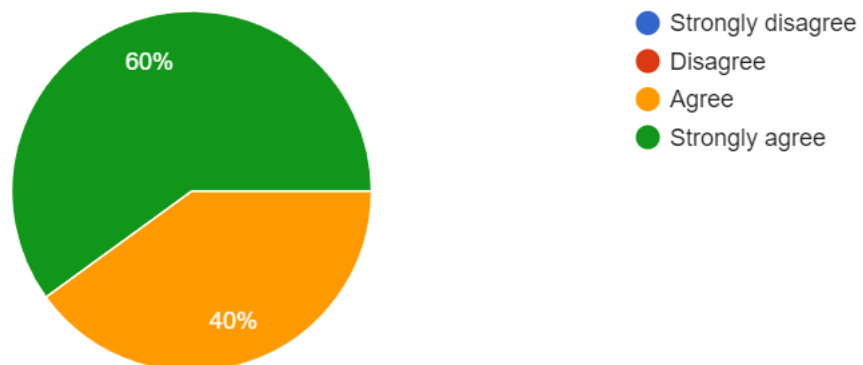

Does your child have special educational needs and/or disabilities (SEND)?

55 responses

If yes, how strongly do you agree with this statement: 'My child has SEND, and the school gives them the support they need to succeed.'

10 responses

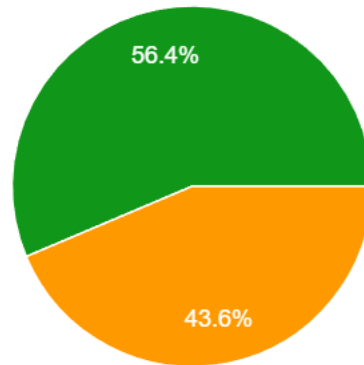

# Childwall Valley Primary School

Easy is boring, Challenge is fun!

The school has high expectations for my child.

In your opinion, what are the best things about Childwall Valley Primary?

42 responses

- Location
- I love how the school goes above and beyond to make every event, occasion special and fun for the children.
- School seems a close-knit school with all years and teachers integrating.
- The range of various subjects such as forest school, pe, music, Spanish etc available for children right from the start of their learning journey.
- Miss Davies is amazing, clear communication, activities
- The teachers are approachable. I feel I can discuss any issues. After school club is fantastic and Emma who runs it is lovely lady 😊
- The amount of information I receive from the office so I know exactly what is going on. The teachers are always willing to talk if you have an issue or want to know something and will always reply to my messages.
- The teachers are amazing specially Miss Lynch, Miss Davis and Miss Bonham
- The teachers, they have all been brilliant and are so informative with everything my child is doing
- Very understanding and helpfully out of their way to help and sort things out when needed very supportive
- The range of activities in school and after school clubs. All the teachers are very supportive and keep us updated.
- School environment, outdoor playground
- Small school, where all the staff gets to know the children well. The school strongly promotes reading. Good channels of communication with the teachers.
- Ensuring children are settled. Breakfast and after school club team have also been fantastic
- Small friendly school
- The staff and resources
- The best things about Childwall Valley Primary School is the sense of community as a school and seeing children from all year groups running to their class of a morning. It is lovely, really shows how much the children enjoy their environment and look forward to each day with their peers and teachers. The teachers create such a positive atmosphere which I feel is important for the children's confidence and personal development as well as learning. The pta events are outstanding there is always something to do to for every occasion.
- Dealing with children who are a little different
- They have a big selection of things the kids can do through learning
- Nursery reception mixed together, the teachers, and Forrest school
- Tapestry allows me to see what they have been up to. As sometimes it's hard getting answers off a 4-year-old about their day

Easy is boring, Challenge is fun!

- The school's staff are so friendly, caring & compassionate. Since starting the school's nursery in May our granddaughter who came from Thailand has progressed so much. We are overwhelmed by the support & encouragement she has received from all the nursery teachers so far & at how well she is doing & the friends she has made. The wide variety of learning too. Spanish, forestry etc is just a few of the things that make our granddaughter wake up & want to go to nursery every morning. Lastly the school's communication system tapestry is fab at keeping us informed as to what our children are doing & learning. Overall, we are so happy we chose this school for our granddaughter.
- Staff all friendly, good manners and responsible.
- The relationships the teachers have with the students it's lovely as my children feel comfortable enough to tell their teachers anything
- SLT, atmosphere, facilities, high teaching standards
- Staff make it what it is
- Teachers have patiently listened to the parent said and help to provide additional support to the child.
- The kids love the playground
- It seems to be quite diverse in its subjects, I love that it has forest school sessions.
- Duty of care for my boy, you all know how to develop his little personality and he's come on so much thanks
- All the staff are so kind and very supportive, they go above and beyond for the children. I think the range of subjects and the creative learning conducted by the teachers is amazing. Since my child started school last year at CVP, there hasn't been one day that he has come home without a smile on his face. As a parent I feel my children are safe and well looked after by all the staff, thank you so much.
- The staff are all amazing, the range of subjects that the school have to offer are really good. I really enjoyed the "meet the teacher" sessions this year, each of one of them gave a great insight on the curriculum activity for the year which I found really helpful. All the teachers and teaching assistants always go that extra mile when it comes to the children. Both of my children are so happy and content at school, it takes a lot of stress away knowing they are in safe hands every day.
- Community spirited amazing after school activities
- The relaxed way of school life
- It's a good school
- Social Awareness Topics being covered

Is there anything in particular that you'd change about the school?

38 responses

- No
- Nothing
- Nothing it's a lovely school, cannot speak highly enough of it and its staff.
- Involving parents more at times
- not sure
- Have zero issues
- Cars parking right out school. Me and my child have been knocked by car doors few times.
- No just more playing area for the children there is loads of grass

# Childwall Valley Primary School

Easy is boring, Challenge is fun!

- More monitoring at breaks
- Be stricter with the children to stop bad attitudes towards others
- Bring back free breakfast club
- N.A.
- More support to young children at dinner time, helping they choose and eat balanced meals. Earlier starting times for breakfast club. Access to learning other languages and/or support to bilingual children with their second language.
- Club bookings in an app would be more user friendly rather than a website
- To celebrate Muslim Eid (let children off if they want)
- N/A
- Menu - less pasta dishes and if pasta is always an option not give it as the main days choice i.e. tomato pasta is on every day and spaghetti bolognese as main food choice
- In my opinion no. And you are doing great.
- N/a
- I felt it strange to go from a nursery setting where we get handovers for each child to school where we don't, if more daily information could go on tapestry that would be nice, did they eat their food? did they play well? Any issues throughout the day? etc
- No comments
- More diversity encouraged
- I wish it had more to offer in extra curriculum activities for the youngest groups. My son would love to try out and learn about lots of team building/sports skills that we otherwise struggle to have him participate in due to either his age or financial position.
- Nothing at all as I think the school is really good.
- Nothing at all, since the school has introduced 30 hours for nursery children, this has helped most parents massively with childcare in the local area.
- Can't think of anything at the moment. Only had one school year so far

In what ways would you like to see the school develop over the next three to five years?

28 responses

- Not sure
- This past year or two the school has changed dramatically. In next 3-5 years I think the school will go from strength to strength.
- Maybe more school trips
- Better and bigger
- Maybe more school trips
- Less bullying. Strong personal skills
- More rewards like school trips and maybe join in with world book day and Christmas plays like other school
- Improve on Ofsted rating
- It is quite small with limited space. A separate sports hall would be great and could accommodate more types of sport for people and after school clubs.

Easy is boring, Challenge is fun!

- Probably more well-being education for parent to children and how we can improve their wellbeing. Making ourselves aware of negative actions/ emotional intelligence courses to ensure we as parents are aware of the damaging effects parents can have on children which affect our relationships with each other (parent and child). Repeating patterns we grew up with that caused negative response patterns. (This maybe a bit farfetched this is literally the only thing I can think that the school doesn't already offer).
- Keep on doing what you're already doing anything else is a bonus
- To remain the best school in the area, move away from the old style of education into one more suited to modern adult life
- Outstanding Ofsted worthy
- No comments
- Ethnic minority teachers and wider awareness of race issues within the school environment to teach children particularly with it being a predominantly white area
- I would like to see more of an approach to develop skills in real life terms through either more forest school sessions in class time or even extracurricular groups (as not all kids thrive under the same structure) so if there were options to sign up to the opportunity to see that environment develop for our more energetic kids especially with such huge spaces around the school premises I would support it fully I'd even volunteer time.
- Not sure
- It would be great if there is more of a range of after school clubs if there would be capacity to include nursery children but do appreciate it would depend on numbers and staff levels.
- If it's at all possible but do appreciate it will depend on numbers and whether support is available, but it would be great if after school clubs were available for nursery children
- Well happy to see if school provide more after school activities
- Carry on with what you are doing
- Keep doing what you're doing
- Inclusion in local and wider community

If we were to hold parent/carer workshops, which subjects would you like us to cover?

15 responses

- Send, asd,
- How to help our children do well in and out of school
- Communication with child
- You already cover the ones I would attend
- To celebrate Muslim Eid
- No comments
- Race
- I think the school does very well promoting services and signposting parents to lots of support to help with our children's learning. Furthermore, I think the school organises a great range of parent workshops throughout the year to attend at the school for further support.
- I can't think of anything else as I think the school does very well promoting and signposting parents to all resources to help with our children's learning.
- Maths English

I feel childwall valley primary is a good school that supports my child's growth and development. All staff seem approachable and friendly.

- No
- Overall, I think Mr Davy and staff have really turned the school around and made big difference.
- Every teacher my child has had so far has been absolutely brilliant and helped him grow so much in confidence.
- My child has grown so much in confidence while he has been attending this school. Every teacher is friendly and he is happy learning new things
- N.A.
- N/A

- Just a little mention to Miss Lynch and her team for all of their hard work this term. My son Harvey has struggled a bit with reading and literacy since starting Y1 but with extra support and regular updates from Miss Lynch, we have seen a massive difference in Harvey the past few weeks. Also, I think I can speak on behalf of all of the parents for Y1 to say that Miss Lynch and the team have really welcomed the children back to school this term. I do love how much the children always have a smile on their faces and they are always excited when it comes to learning, what an amazing start to Y1! Thank you so much Miss Lynch, Miss Yu and Miss Cargill.
- I just want to personally thank Miss Dwan and Mrs Brand for welcoming Ava to nursery and Mrs Merrison for her ongoing support. I was so nervous for Ava starting at CVP given covid had a massive impact on Ava confidence but I needed to worry as she has settled into school so well. Ava's confidence has grown so much since starting nursery, she comes home every day with a massive smile on her face and is excited to share with us both about what she has learnt and that in itself, makes us so happy. Thank you, much Miss Dwan and Mrs Brand, for your continued support. Seeing our children come home with the same smile they had on their faces when they started school in the morning is so lovely. Miss Dwan and Mrs Merrison are great at keeping all parents informed on all children's activities and updates on Tapestry and I do enjoy revising updates on Instagram too and find it's a great way to promote the school.
- No
- Nothing
- In previous Parents Evenings we would see the progress books of all the activities and writing that our daughter has performed so far this term. We didn't see anything this time. Also, the Reading Record Book that is in the Book Bag this term has no record of any reading. It would be good to know how much the PTA has raised from events at the end of each term or school year. It would be good to see a minute or an outcome of what discussions were had at Parents & PTA meetings and coffee mornings

My son loves school and he is just so happy going in and coming out. I've seen a massive difference in him since reception, he's learnt so much in the time he's been there

I think the school as a whole is very well run and always put the children first in all they do and are always looking to improve things if needed
