

Your commitment to us at home

I will not friend request a teacher.

I will not give out any personal information to people I don't know online.

I will tell my parent/s if I am worried about anything I see online.

I will keep my passwords and logins safe.

I am aware that some websites and social networks have age restrictions and I should respect this.

I will never arrange to meet someone I have only ever previously met on the Internet, unless my parent/carer has given me permission and I take a responsible adult with me.

Your commitment to us during remote online learning

I will work in a space that that is quiet, safe and free from distractions with an adult nearby (ideally not my bedroom);

I will make sure that I am dressed appropriately (pyjamas are not appropriate);

I will ensure all my Meeting IDs, Usernames & Passwords are kept private (not shared)

I will ensure that my video is on so the teacher can verify who I am; and audio so I can ask or answer questions;

I will only unmute myself during the session when instructed to do so by the teacher;

I will ensure that I take responsibly for my behaviour and actions, especially when using technology. This includes the language that I use when talking and in any online chat facility that the teachers may enable.

I will respect the privacy of everyone by ensuring that no recordings are made of any of the live or recorded content or I share any of the content.

I will tell my parent/s or/and teachers if I am worried about anything I see online.

I will tell my parent/s if I am worried about anything I see online.

Young People, Online Safety

**Information for
pupils**

2021-23

#EasyisBoringChallengeisFun

Welcome

Dear Pupil,

As a pupil of Childwall Valley Primary School we promise to take every reasonable step to keep you safe online.

This guide tells you all about our commitment to you in school and the commitment we are looking for from you both in school and at home.

All we ask is that you show a responsible and mature approach to the use of digital technology.

Kind Regards,

Mrs. S. Evans
e-Safety Lead

At CVP we take eSafety seriously and encourage you to

'be Smart on the Internet'
and follow the five **SMART** rules

Our commitment to you

We will teach you about online safety at the beginning of every new topic as part of the computing curriculum.

We will take part in Safer Internet Week every year as a whole school, learning together.

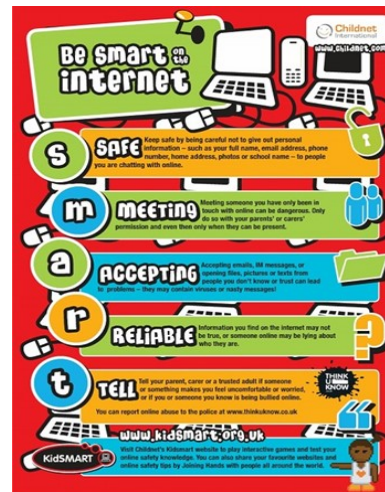

We will teach you about eSafety in other subjects and topics throughout the year.

Your teachers are there for you to talk to about any concerns you may have about online safety.

We will not put your full names anywhere on the school website or on twitter alongside your photograph.

We use filters to block sites that are not appropriate.

We will teach you about the five SMART internet safety rules.

Your commitment to us at school

I understand that I must only access appropriate information and understand that my parent/carers will be informed of any online safety incidents to keep me safe.

The messages I send, or information I upload, will always be polite and sensible.

If I see anything I am unhappy with or I receive a message I do not like, I will not respond to it but I will show a teacher/responsible adult.

I know mobile phones are not allowed in school.

I understand that if am found to have my mobile phone in school it will be taken off me and my parent/carers will be told.

I will protect my phone numbers/passwords by only giving them to trusted friends and family members.

I will use ipads and laptops for specific learning activities with a teacher present.

I will log off when leaving my computer.
